

WiFi7

Complete WiFi & Network Penetration Testing Course

22 Parts

61 Lessons

Beginner → Advanced

Hands-On Labs

● Part 1 Prepare Wifi Hacking

- › Introduction Wifi Hacking Course
- › Best Adaptor For Wifi Hacking Under Budget
- › Install Wifi Hacking Drivers In Kali Linux
- › What Is Different About Clientless Or Clientbase Attack

● Part 2 First Wifi Hacking Attack

- › Capture Wifi Handshake And Crack Password (Aircrack-ng)
- › Crack Wifi Handshake Password Using Hashcat
- › Wifi Hacking & Handshake Capture Using Bettercap
- › Create Custom Password Wordlist User According

● Part 3 Advanced MITM Attack

- › Mitm Attack Using Bettercap Tool
- › Mitm Attack With Mitmweb Clientless
- › Mitm + Javascript Manipulation Target Browser
- › Mitm + Redirect Any Url Target Clientless
- › Mitm + Https Website Traffic Capture Clientbase
- › Mitm + Https Traffic Capture In Windows
- › HOST FAKE WiFi Hotspot + Share Internet (Permanent)
- › MITM Attacks With FAKE WiFi Hotspot

● Part 4 Android Hack Same WiFi

- › Without Connect Wifi Perform Mitm Attack
- › Hack Android With Connect Wifi Hotspot

● Part 5 Bluetooth Hacking

- › Setup Bluetooth Hacking Attack
- › Bluetooth HID Attack Using Blueducky
- › How Hacker SPY Your Bluetooth Speakers

● Part 6 MANA & KARMA Attack

- › What is MANA Attack
- › Mana Attack & Fake Access Point To Mitm Attack

● Part 7 Wifipumpkin3 Attacks

- › Create Rogue Access Point & Mitm With Wifipumpkin3
- › Fake Access Point + Fake Login With Wifipumpkin3
- › Add Extra Google, Facebook, Captive In Wifipumpkin3

● Part 8 Wifiphisher Attacks

- › Fake Ap + Fake Login Captive With Wifiphisher
- › Extra Fake Captive Google, Instagram In Wifiphisher

● Part 9 Fluxion EvilTwin

- › What is EvilTwin Attack
- › EvilTwin Attack Using Fluxion Tool

● Part 10 DNS & ARP Spoofing

- › What is DNS & ARP Spoofing
- › Dns Spoofing + Phishing Live Practical Attack

● Part 11 ESP32 WiFi Hacking

- › Setup Wifi Hacking Firmware In Esp32 Device
- › Capture Wifi Handshake & Crack Using Esp32 Device

● Part 12 ESP8266 WiFi Hacking

- › Wifi Hacking EvilTwin Setup In Esp8266
- › Practical EvilTwin Attack Using Esp8266

● Part 13 Flipper Zero WiFi Hacking

- › 3 Websites For Buying Flipper Zero India
- › Setup & Configure Flipper Zero For Wifi Hacking
- › Wifi Handshake Capture Using Flipper Zero
- › Start Evil Portal & Fake Login Using Flipper Zero

● Part 14 Single Click WiFi Hack 100%

- › Single Click Method Wifi Hacking + Send Your Server

● Part 15 Hardware For Wifi Hack & HID

- › Setup & Use O.MG Cable For HID
- › AtomDucky HID Setup (Alternative O.MG Cable)
- › Setup M5Stick C Plus 2 And How to Hack Wifi
- › M5Stick + CC1101 RF Penetration
- › Setup Pwnagotchi in Raspberry Pi 0 W

● Part 16 5GHz Jammer & Hack

- › 5Ghz Jamming + Programming BW16
- › 5Ghz Jam + EvilPortal Live
- › 5Ghz Handshake File Capture
- › 5Ghz Jamm + EvilPortal BW16 + ESP8266
- › Raspberry Pi 5Ghz WiFi Hacking

● Part 17 Bluetooth Jammer & WiFi

- › M5STICK + Nrf24 BLE Jammer & Wiring
- › Flipper Zero + Nrf24 BLE Jammer & Wiring
- › ESP32 + 2Nrf24 BLE Jammer

● Part 18 APK Download Fake WiFi Captive

- › Auto Apk Download WiFi Captive Live

● Part 19 VOIP Calls Sniffing & Listening

- › How Hacker Listening VOIP Calls And Download

● Part 20 CCTV Camera Penetration

- › How Hacker Attack CCTV Camera (Bruteforce)
- › CCTV Hacking Without Bruteforce

● Part 21 CYD Display For Hacking

- › How Hacker Use CYD Display For Wifi Penetration

● Part 22 How To Secure WiFi

- › 3 Method For Secure Your Wifi And Network
- › Last Note - Thanks
